🎓 Experienced Teacher | University of Hong Kong | MSc in Mathematics

With an MSc in Mathematics from the University of Hong Kong and a BSc in Applied Mathematics from the Chinese University of Hong Kong, I bring 12 years of expertise in IGCSE Maths, along with teaching IB and A-Level students to achieve top exam results.

Teaches: IGCSE Maths IB Maths A-Level Maths

Curriculum: IGCSE IB A-Level

## Qualifications

**University of Hong Kong:** MSc in Mathematics (2010–2012)

**Chinese University of Hong Kong:** BSc in Applied Mathematics (2007–2010)

## Vetted Tutor

## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

My tutoring career began in 2012, working with secondary school students preparing for IGCSE Maths. Over the years, I have expanded my expertise to include IB and A-Level Maths, covering topics like calculus, probability, and linear algebra. My students have consistently achieved excellent results in their exams.

I've also helped IB students prepare for both HL and SL Maths, focusing on key topics such as statistics and analysis. Additionally, I have guided A-Level students in advanced mathematics modules, ensuring they build a solid foundation for higher education. Many of my students have gone on to pursue degrees in engineering, finance, and computer science.

Beyond tutoring, I have collaborated with schools to design tailored curricula for students transitioning between educational systems. This experience has enhanced my ability to address diverse academic needs, making me an effective tutor for students across different curriculums and skill levels.
