 **Experienced Teacher | University of Copenhagen | PhD in Environmental Chemistry**

I hold a PhD in Environmental Chemistry from the University of Copenhagen and an MSc in Chemistry from Aarhus University. With 16 years of teaching experience, I specialise in IGCSE Chemistry and have also taught IB and A-Level curricula, helping students develop a strong foundation in science.

Teaches: IGCSE Chemistry IB Chemistry A-Level Chemistry

Curriculum: IGCSE IB A-Level

## Qualifications

**University of Copenhagen:** PhD in Environmental Chemistry (2005-2009)

**Aarhus University:** MSc in Chemistry (2003-2005)

**University of Southern Denmark:** BSc in Chemistry (2000-2003)

## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

I began my teaching career in 2007, focusing on IGCSE and A-Level Chemistry. Over the years, I expanded my expertise to include IB Chemistry, where I've guided students through challenging concepts like stoichiometry, organic synthesis, and thermodynamics. My students consistently achieve excellent results, with many pursuing further studies in the sciences.

During my career, I've worked in Denmark and internationally, teaching diverse student groups and adapting to various educational systems. My experience includes mentoring IB students on their Internal Assessments and Extended Essays, as well as preparing A-Level learners for university entrance exams. I've also contributed to curriculum development, ensuring high standards in science education.
