🎓 **Qualified Teacher | University of Vienna | MSc in Mathematics**

Having completed my MSc in Mathematics at the University of Vienna and a BSc in Applied Mathematics at Graz University of Technology, I bring 8 years of experience in IGCSE Maths. I also teach IB and A-Level curricula, focusing on advanced topics and exam preparation.

Teaches: IGCSE Maths IB Maths A-Level Maths

Curriculum: IGCSE IB A-Level

Qualifications

University of Vienna: MSc in Mathematics (2015-2017)

Graz University of Technology: BSc in Applied Mathematics (2011-2014)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

My journey as a tutor began in 2015 when I started helping secondary school students with IGCSE and A-Level Maths. Over the years, I expanded to include IB Maths and university-level topics, such as calculus and probability. My students come from diverse educational systems, and I've guided them to achieve top grades.

I've worked with students tackling challenging mathematical concepts, from algebraic proofs to advanced trigonometry. My approach involves tailoring each lesson to the curriculum and student needs, ensuring they feel confident and prepared for exams. Many of my students have gone on to pursue degrees in engineering, physics, and computer science.

In addition to tutoring, I've been involved in mentoring programmes aimed at preparing students for competitive entrance exams. Through this experience, I've gained valuable insights into how to guide learners effectively toward their academic and career goals.
