🎓 Experienced Teacher | Indian Institute of Science (IISc) | MSc in Biological Sciences

With an MSc in Biological Sciences from IISc and a BSc in Biotechnology from Jawaharlal Nehru University, I bring 11 years of expertise in IGCSE Biology. I have also worked with IB and A-Level students, helping them achieve exceptional results and strengthen their academic skills.

Teaches: IGCSE Biology IB Biology A-Level Biology

Curriculum: IGCSE IB A-Level

## Qualifications

**Indian Institute of Science (IISc):** MSc in Biological Sciences (2010–2012)

**Jawaharlal Nehru University:** BSc in Biotechnology (2007–2010)

## Vetted Tutor

## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

My tutoring career began in 2012, focusing on secondary-level Biology for IGCSE students. Over the years, I expanded to teaching IB and A-Level Biology, guiding students through challenging topics like molecular biology, genetics, and ecology. My students have consistently achieved outstanding grades.

I've worked with learners from diverse educational backgrounds, helping them excel in exams and gain admission to top universities. My expertise in IB Biology includes both SL and HL, with a focus on preparing students for Extended Essay research and internal assessments.

Beyond tutoring, I have participated in academic workshops and collaborated with schools to develop comprehensive Biology curricula. This experience has given me a broad perspective on effective teaching strategies, enabling me to cater to the unique needs of each student.
